

Save the Turtle !

The idea behind this interactive game is to create awareness about the threat posed to the survival of marine turtles due to plastic pollution.

Game description:

1. **Control** : Single-player game
2. **Aim** : To help the turtle cross the pond (game 1) and clean the pond by picking out plastic (game 2)
3. **Difficulty level** : Game 1 - Speed increases as the turtle eats food (plants and small insects)
Game 2 - Speed increases as more plastic is collected
4. **Game end**: Turtle eats plastic or hits three rocks

Save the Turtle !
